To Whom It May Concern:

This letter is written as both a “thank-you-to” and a “recommendation-of” Dr. Marty Henderson, who has provided excellent consulting mobile ultrasound diagnostics at our hospital for several years.

Our steadily-growing eight-doctor small animal hospital has its own in-house ultrasound machine, which we are learning to use. We still, however, relied on Marty’s experience, dependability, and attention to detail to help us with difficult cases on a regular basis. Not only did his valuable medical and technical expertise add to the quality of care we provided, he ultimately helped increase our practice’s profitability.

Again, we say thanks, and good luck to Dr. Henderson. We’ll miss him. If a verbal reference is desired, please do not hesitate to contact us directly.

Sincerely,

Roland Burbank, DVM
